Do you want to help London's boroughs provide the best care and support for their most vulnerable children?

Join London Care Services (LCS), gain access to 36 local authority commissioners and become part of our network of providers who offer high quality services for looked after children.

BENEFITS WE OFFER

- Free registration and maintenance of membership
- Access to 36 local authorities through our secure [website](#)
- One contract across London with support from our team every step of the way
- Terms, conditions and expectations of service delivery clear from the start
- A service to providers that are rated 'good' or 'outstanding' by OFSTED, ensuring high quality services are provided to children across London

ABOUT US

We are part of London Councils, the membership body for the 33 London boroughs. We deliver LCS, a regional collaborative arrangement, on behalf of London and three partner authorities (Buckinghamshire, Milton Keynes and Oxfordshire).

The 36 local authorities use our London Model Contract to make placements with Independent Fostering Agencies and Residential Children's Homes for children in their care. The contract places the best interests of the child first and supports local authorities and providers to deliver services of the highest quality.
